The European Parliament has received your message

Dear Sir/Madam,

The Citizens' Enquiries Unit (Ask EP) will deal with your message as soon as possible.

Your message:

To the Honourable Members of the European Parliament

Subject: Cultural Initiative Supporting Civic Values – "Vstal Repentabor"

I respectfully present a cultural initiative that has recently emerged in the Karst region between Italy and Slovenia. The choral composition Vstal Repentabor has become a non-political, peaceful expression of civic values such as transparency, dignity, and constructive dialogue between citizens and local institutions.

The project has been embraced by youth groups, local choirs, and professional artists. Its musical structure was developed with the assistance of a conductor from the Orchestre Philharmonique de Strasbourg and Gran Teatro La Fenice, ensuring artistic clarity and international relevance.

This initiative demonstrates how culture can foster civic participation and intergenerational cohesion—values consistently supported by the European Parliament.

I remain at your disposal for further information or documentation.

With highest respect,
Peter Regent
